

*JA More than Money* introduces third-, fourth-, and fifth-grade students to financial literacy and entrepreneurship and to social studies learning objectives that include money-management, goods and services, and global markets. Through hands-on activities and a JA cast of characters serving as symbols for financial literacy and entrepreneurship concepts, students will learn a practical approach to starting a business and making smart decisions about managing money.

The program is volunteer-taught and kit-based, and can be implemented either in school or after school. It includes five 45-minute sessions, with additional extended learning activities and optional digital assets offered throughout.

Session	Overview Students...	Objectives/Goals Students will be able to...	Activities Students...
<b>SESSION ONE</b> <b>The Money Garden</b>	Explore money-management skills and become familiar with the key differences between earning, saving, and spending.
